## In Directing Show

## Spring Show for 1918 Biggest and Best in History of the City

Formally Opened by Premier Stewart with Customary Ceremony—Parade of Children's Calves a Noteworthy Feature—Remarkably Fine Show of Heavy Draft Teams and Saddle Horses in the Ring

Edmonton's fifth Spring Show opened last night, with the strongest list of exhibits in its history. The feature of the evening was the parade of the children's entries in the calf-fodding competition. This was really a surprise to all. Most of the animals are in good condition and some of them had the advantage of being thoroughbred. The heavy teams were a wonderful class and it was a real test of merit. George Crosswell had to take second place to Will Grant's team from Regina. The saddle class was particularly strong along with fifteen entries in the novice and twelve in the jumping. Some of the finest jumping ever seen in Edmonton was shown last night by the Pernaz Creek horses.

### Formal Welcome

At 8 o'clock, a full and detailed of mounted police, the lieutenant governor, Premier Stewart and Hon. David Marshall arrived, and were met by President Arthur Davies, Manager Mark, of the Exhibition and the other members of the board of directors. In formally welcoming the premier, the chief manager, Mr. Davies, expressed the appreciation of the directors.

### Address to Premier

Hon. Charles Stewart, Premier of Alberta, then addressed the directors of the exhibition. He spoke of the importance of the exhibition to the province and the position of premier of this province. He gave a full and complete course for the last ten years and the position of premier of this province. ### St. Roch, Scene of Battle, is Surrounded by Guard of Soldiers

TROOPS NOT MOLESTED

One Gathering Dispersed and Alleged Kingleader Arrested

QUEBEC, April 2.—The first evening since Thursday the city of Quebec, situated on the St. Lawrence, was surrounded by soldiers, but they were not molesting.

The day produced a plentiful crop of sensational rumors, the latest being that the riotous faction was going to attack and kill the soldiers of the city. No such attempt was made.

A small gathering of young men and women was reported at 10 o'clock on Saint Charles street. This was dispersed by the police.

A young man who has been apparently the ringleader of these riotous gatherings, was seen on Saturday night made in a small gathering of young men and women who were gathered in the vicinity of Jacques Cartier street.

Reports were received of firing in Lower Town, also, and of soldiers being shot. No signs of rioting were found when these sections were visited.

### No Court Martial

As a result of a conference held today, between Major-General Leasard and the provincial authorities here, the attorney-general instructed Arthur Lalumière, K.C., and Arthur P. Patrick, K.C., court prosecutors, to set against the parties rounded up by the militia last night, and against whom a complaint was made by a military officer this morning. A. Thach, K.C., appeared for the military department.

The accused appeared before Judge Langlois, and most of them were liberated on giving bail. Those who were not, were taken before Judge Langlois in the court of sessions at 11 o'clock Wednesday morning.

Eleven of the prisoners were detained, and will likely be brought before the courts for further investigation. Each party will be tried before the civil courts, not by court martial.

### Many Ill by Soldiers

This morning doctors residing in the vicinity of the rioting last night reported to the police 13 cases of illness. They were, for the most part, the streets by snipers or bullets fired by the militia last night, and against whom a complaint was made by a military officer this morning. A. Thach, K.C., appeared for the military department.

LONDON, April 2.—With the passing of the thirteenth day of the new battle of the Somme there came increasing evidence that the great German machine, with which it was intended to crush the Allied line, has almost utterly spent itself.

Where previously the Germans have been throwing men into the fray, not counting the prodigious wastage in killed and wounded, Tuesday saw them decline everywhere to give battle. On the contrary, in what little fighting occurred, the British and French troops took the initiative.

Thus, it seems apparent, with the reserve forces of the Entente virtually intact and with the added weight of Gen. Pershing's forces will give them, the turn in the tide of battle is at hand.
